\* CVC2 No. = \* MasterCard and Visa credit and debit cards have a 3-digit code, called the "CVC2" (card validation code), "CVV2" (card verification value), "CVV", and "CID" (card identification number), respectively. It is always the final group of numbers printed on the back signature panel of the card. New North American MasterCard and Visa cards feature the "CVC2" in a separate panel to the right of the signature strip.

\* American Express cards have a 4-digit code printed on the front side of the card above the number, referred to as the CID.
