

Request form – Phenotyping and metabolic activities

Contact person/Details for quotation

Name

Email address

Institution and address

Strain designation (if strains are not supplied by the customer, DSM numbers are required)

Cultivation conditions:

Specific requirements for cultivation (e.g. plate, liquid, specific media or temperature)

API Gallery™*:

- API 20E™
- API 20NE™
- API R32A™
- API ID32 STAPH™
- API 50AUX™
- API 50CH™
- API Zym™
- Other, please specify

*Special additions required (e.g. salt)? Please use the comment field below.

Basic characterization:

- anaerobic growth
- gram behavior
- hemolysis
- light microscopic pictures
- pH tolerance:

please specify pH
range and steps
in this

- motility
- NaCl tolerance:

please specify
NaCl conc. range
and steps in this

- oxidase/catalase
- sporulation
- temperature optimum:

please specify T.
range and steps
in this

Tween hydrolysis:

please specify

Biolog™

AN MicroPlate™

GenIII MicroPlate™

Other, please specify

Comments (if required, also specify additional analyses not mentioned above)
